

## Top Gastronomy in Cologne

Cologne is one of the top destinations for foodies. Not only are there more than 1,100 restaurants waiting to delight guests, but the variety of cuisines leaves nothing to be desired. From traditional Rhenish dishes to Venezuelan, Tibetan or Mediterranean specialities, everything is represented. In the recent past excellent chefs have also drawn attention to themselves in the cathedral city, and a large number of restaurants with Michelin stars, Bib Gourmand awards and Gault & Millau toques now adorn the portfolio of Cologne's gastronomic scene.

The **Michelin Restaurant Guide** awarded 13 top restaurants in Cologne one or two stars for 2023. The courage to engage with creative cuisine and the focus on dishes with regional products receive particular recognition. Additionally, the Michelin Guide awards the Bib-Gourmand to restaurants with the best price-performance ratio.

The **restaurant guide Gault&Millau** recently recognised the kitchen performance of 40 Cologne restaurants with 1 to 4 toques (red stands for outstanding performance in the respective category, up to 5 toques are possible).
